

Student Success

from

Simply Organized

Students who are organized do better in school; with fewer forgotten assignments or lost homework pages, kids are free to focus their energy on learning. The earlier children learn organizational skills, the better!

I developed this system, through trial and error, for my two children who have learning disabilities. This system worked so well for them that I began using it with my other two children, and have decided to make these Student Success Kits available to others.

Each Kit contains the items listed below, as well as complete, easy-to-follow instructions for using the system. (Items may differ slightly from those pictured.) If your student has any questions, please call or e-mail me and I will be happy to help!

Elementary

- Four subjects
- Color-coded folders
- Assignment tracking system
- Long-term storage set-up
- Pencil case with supplies

Middle School

- Four subjects
- Color-coded binders/folders
- Assignment tracking system
- Long-term storage set-up
- Pencil case with supplies and organizational tools
